

Payment Transaction & Reconciliation Analytics Dashboard

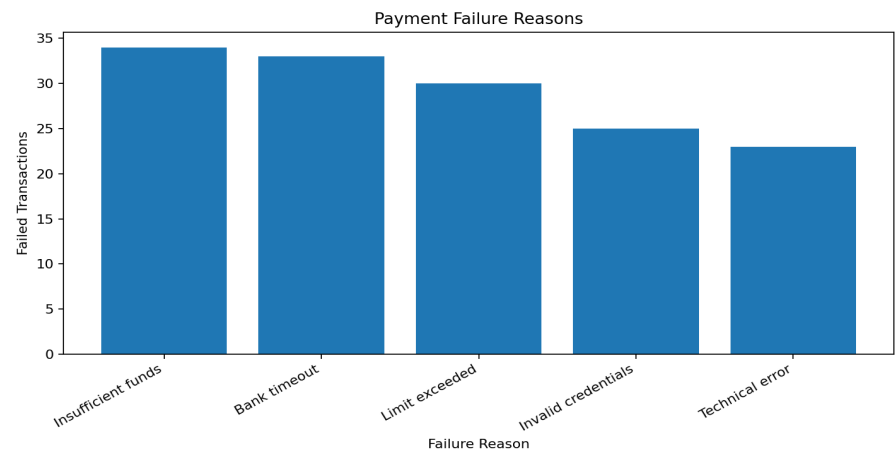

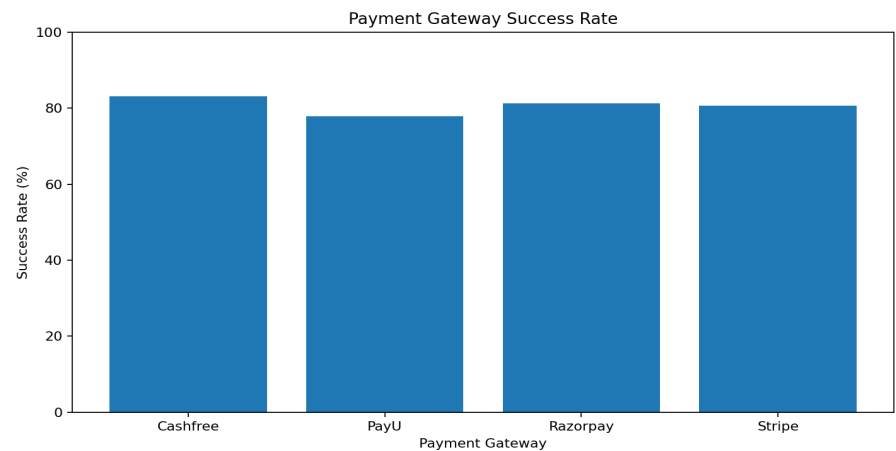

Portfolio dashboard based on synthetic sample transactions

Total Transactions	1,000
Success Rate	80.7%
Failure Rate	14.5%
Gross Transaction Value	7,371,137.66
Unreconciled Successful	28

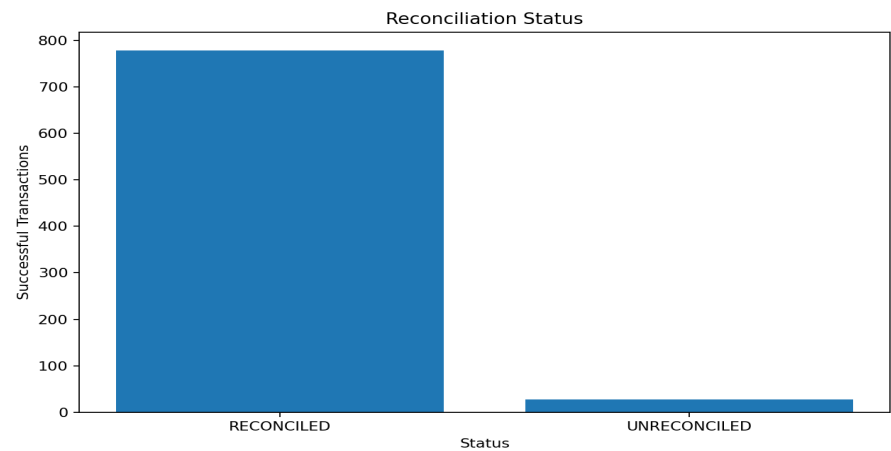

Daily transaction volume with drop-off monitoring. A DROP_OFF is flagged when day-over-day volume declines by 20% or more.

Gateway & Failure Analysis

Reconciliation Monitoring

The accompanying Excel workbook contains the transaction data and dashboard-ready tables for further Power BI/Excel visualization.
